# WALL PATCH CABINET 5U

Highlights:

- Support larger IT equipment

- Front door can exchange the left&right location to meet the different open way

- Low-profile mounting

- Greater RMU capacity(2U patch panel(top) and 2U PDU(bottom) EIA mounting brackets

- Clean aesthetic look

- Max Airflow for High-Power Equipment

- Fully assembled

- Dimensions: 675 x 250 x 730 mm (WxDxH)

- Maximum installation depth: 230 mm

SPECIFICATIONS

NUMBER	NAME
1	Patch Panel Mounting rails
2	Vertical Mouting rails
3	Locking Top Panel
4	Door Latch
5	Wall mounting holes
6	Reversible Locking door

MORE INFORMATION

It support large severs, UPS's, network switches and devices commonly found in PoE, IoT and edge-computing applications. The low-profile, wall mounted cabinets store equipment in a compact environment while maintaining proper cable and airflow management. The 2U patch panel and PDU mounting rails offer greater RMU capacity without adding footprint.
